PROFILE

Computing Science student (HND, A grade), progressing onto a BSc (Hons) in Computing Science, with over two years of customer-facing experience across retail, sales and quality control. Reliable, adaptable and quick to pick up new systems, with a track record of meeting targets, handling stock and deliveries, and dealing calmly with customers under pressure. Looking to bring the same work ethic and organisational skills to a new role.

EXPERIENCE

- Production Operative** — Walker's Shortbread June 2026 – Aug 2026
 - Carrying out quality checks on products against company standards throughout the production process.
